

ElectriCare Web CRM

Comprehensive UI/UX Design System & Screen Portfolio

Mission-Critical Electrical SaaS Platform * Multi-Tenant Architecture * Pan-India Operations

EXECUTIVE SUMMARY & SYSTEM SCOPE

This portfolio comprises the complete visual catalog and functional interface specifications for the ElectriCare Web CRM. It encapsulates 41 high-definition production screens covering the two core operational pillars: Super-Admin National Governance and Regional Partner Franchise Operations. Every screen is captured at native resolution with complete UI states and tokens.

Super Admin Web CRM

Platform Governance, Multi-Region Control, Financial Engine & Ecosystem Telemetry

01. National Governance

Centralized oversight of regional franchises, quota allocations, and compliance standards.

02. Fleet Roster & KYC Audit

Immutable document verification for high-voltage and general electrical technicians.

03. Settlement & Escrow Engine

Automated revenue share distribution, regional franchise payouts, and gateway reconciliation.

04. Service Taxonomy & Subscriptions

Standardized rate cards, dynamic surge rules, and customer protection plans.

Platform State Allocation & Licensing Policy

Updated Oct 2026

Under ElectriCare Platform Governance Directive §4.2, every state territory requires an active Escrow Security Deposit of ₹1,50,000 and minimum 15 certified tier-1 technicians prior to unlocking automated high-voltage job dispatching. Overlapping pincode allocations must receive dual Super-Admin clearance.

🛡️

Central Regulatory Compliance Directive (IS-732 & CEA Safety Codes)

All electricians in the National Roster must undergo periodic license renewal every 24 months. Failure to approve pending audits within the 24-hour window temporarily restricts partner work order allocation.

U74999MH2024PTC398214

Registered with Registrar of Companies, Mumbai, Maharashtra

REGISTERED OPERATIONS DESK & NATIONAL HUB

BKC National Operations Hub, G-Block, Bandra Kurla Complex, Mumbai 400051

CENTRAL EMERGENCY SUPPORT HOTLINE

1800-202-099

Toll-free IVR linked directly to level-1 incident triage

OFFICIAL GOVERNANCE & ESCALATION EMAIL

admin@electricare.in

Designated address for statutory audit notices & partner contract arbitrations

Operational Scheduling & Dispatch Boundaries

ALGO ROUTING ACTIVE

SLA deadlines, automated wireman routing perimeters, and active order limits

Standard Daytime Service Window

Routine maintenance, wiring inspections, and planned meter upgrades

08:00 AM IST to 08:30 PM IST Daily

24/7 Emergency Dispatch Mode

High-priority short circuits, sparks, and transformer blackouts

Night Surcharge (21:00 – 06:00 IST): ₹250.00 Flat

Dispatch Radius Ceiling

Initial broadcast perimeter from nearest registered wireman hub

12.0 km

Minimum (3.0 km) Current: 12.0 km Maximum (25.0 km)

Wireman Acceptance Countdown SLA

180 sec

Maximum duration for primary assigned partner before auto-escalating to Tier-2 standby pool

3.0 Min

Concurrent Work-Order Cap

STRICT 1:1

Max active orders per certified wireman to preserve electrical safety compliance

1 Active Order (In-transit / In-execution)

Escrow & Security Buffer Thresholds

BANK ESCROW ACTIVE

Franchise reserve guarantees, nodal settlement schedules, and system maintenance

FRANCHISE SECURITY DEPOSIT

₹1,50,000

Mandatory reserve deposit per partner

100% Locked in Nodal Account

AUTO-PAYOUT SETTLEMENT

T + 2 Days

Post customer OTP digital sign-off

Automated RTGS / NEFT

MINIMUM CLEARING FLOOR

₹500.00

Batch sweep cutoff amount

Cumulative rollover

PLATFORM MAINTENANCE

Sun 02:00

02:00 AM – 04:00 AM IST

Automated DB vacuum

System Feature Flags & Beta Capabilities

RUNTIME TOGGLES

Live platform behavior modifiers, telemetry toggles, and algorithmic pricing rules

Dynamic Festive Surge Pricing

EXPERIMENTAL

Automatically scales booking fees by 1.15x during Diwali, Eid, and high-demand festive peak grids.

Status: Inactive (Zero Surge Rate active)

Real-time Technician GPS Telemetry

STANDARD SLA

Streams live 10-second lat/long ping broadcasts to customer tracker web-view once dispatched.

Active: High-accuracy mode engaged

Automated Customer OTP Verification

MANDATORY

Requires 4-digit SMS OTP input before job initiation and final digital job voucher release.

Active: Fallback voice call enabled

Multi-Partner Cross-Border Dispatch

RESTRICTED

Permits adjacent municipal franchisee wiremen to take bookings across territorial zone lines.

AUTHORIZED AUDIT REVIEWER

Maharashtra Operations Lead

admin-mh@electricare.in • Regional Partner Session 4409

Audit Timestamp

23-SEP-2024 • 05:28:23 IST

I confirm I have visually audited the original electrical license and certified the technician's eligibility under **Maharashtra Electrical Safety Regulations 2024**. I attest that this contractor meets field standards for grid safety and domestic LV isolation.

Approval will instantly push EMP-MH-148 to active dispatch queue and provision Field App access.

Job #J-1005

in Pune Central (411001) triggered a tier-2 dispatch escalation due to zero automated acceptance within the 15-minute SLA window. Proximity radius was expanded to 10 km, but Suresh Verma and Rajesh Kumar were flagged unavailable due to ongoing active service work orders. Need urgent dispatcher override from central platform or manual assignment exception.

Telemetry Code: ERR_NO_AVAIL_TECH

Geofence: Pune Core-A

🔔

System Alert: Ticket routed and assigned to Central Operations Desk (Dispatcher: Arjun Malhotra).

ElectriCare Senior Dispatch Support

🕒 02 Oct 2026, 10:04 AM

Hello Maharashtra Team, we have reviewed the cluster telemetry for Pune Central. We have temporarily unlocked the manual dispatch bypass for technician Suresh Verma (EMP-MH-114) since his current work order #J-1004 is at 90% completion. Please proceed to trigger reassignment from your Escalation screen.
